1. New barracks have been constructed at Traian (Graiova Region) five kilometers west of Plenita and fifteen kilometers northeast of Cetate, in the vicinity of the Danube River. The barracks are approximately 150 to 200 meters from the Traian-Plenita road.
2. The complex is composed of the following buildings:
 - a. Four large buildings, four stories high; dimensions, 120 by 40 meters. There is a 40-meter space between each building. These buildings are located in the center section of the group.
 - b. Three buildings, three stories high, are located on both sides of the center group of buildings at approximately 40 meters east and west. Their dimensions are 80 by 30 meters.
 - c. A group of five smaller buildings, one story high, is located west of the above mentioned buildings. Each building is 30 meters long and 10 meters wide.
 - d. All buildings within the complex are covered with red tile roofs.
3. The construction work was carried out by a military labor detachment under the direction of Sovromconstructia. The buildings were occupied by an infantry unit in the autumn of 1952.
